01

The Idea

02

Its Importance

56%

report information overload

35%

report getting information from varied sources

87.6%

of visually impaired people use screen readers

Implementation

03

Tech Stack

01
Getting New Articles

02
Summarizing with LLM

OpenAI
gpt-3.5-turbo-16k

03
Text-to-Speech Summary

Google Text to-Speech

04
Integrating with App/Website

Firebase

04

Future Steps

Three New Concepts To Consider

Specialized Model
Fine-tune an LLM for podcast-specific skills

Personalization
Analyze user history to personalize audio

Feedback
Users can rate summaries or provide feedback

Thanks!
